

Built for how travel moves money

From the first booking to the last supplier payout, growing travel businesses run their collections, FX, cards, and payouts on one platform.

Here's what that's worth to our travel customers already doing it.

95%

Ferryhopper

Card and payment tools built for travel

A closer look at how travel businesses use Airwallex to pay suppliers, issue cards, and get paid — wherever they operate.

One platform for collections, spend, FX, and treasury	Replace multiple providers with a single connected platform.
160+ local payment methods	Let travellers pay how they prefer, and convert more bookings.
Automated recurring payments	Bill travellers for deposits, instalments, or subscriptions, without chasing renewals.
From payment links to checkout	An integration built to suit you.
Local banking infrastructure in 20+ currencies	Skipping lengthy onboarding processes.
Transparent FX rates	Move money with no surprises buried in the exchange rate.
Pay suppliers in 120+ markets	Replace slow, costly SWIFT transfers with payments that arrive in hours, not days.
Virtual and physical cards in 140+ currencies	Issue them in seconds, securely.
0% international transaction fees	Keep more margin on every international payment.
Cards issued in 60+ markets	Give your team and suppliers local card coverage, wherever you operate.
Earn cashback	On every card transaction.
Connects to NetSuite and other ERPs	Automate reconciliation and keep your reporting clean.
